### Disclaimers

Nova Electric bases its material content knowledge on information provided by third parties and has taken and continues to take commercially reasonable steps to provide representative and accurate information, but may not have conducted destructive testing or chemical analysis on incoming materials and chemicals.

This certification applies only to CGL-Series inverters manufactured after July 1, 2006 and is made based on Nova's understandings of European Union Directive 2002/95/EC and a diligent review of the known and recognized substances contained in each component used to manufacture RoHS compliant products.
